RE: Addendum #1 for the “Chitimacha Health Clinic Facility Repairs and Renovations RFP”

The RFP issued by the Chitimacha Tribe of Louisiana for the Chitimacha Health Clinic Facility Repairs and Renovations, on Wednesday, June 05, 2024, requires an addendum. Due to a clarification of the “Price Options” verbiage in the RFP an extension of time to submit the proposal has been amended as follows:

Options, referring to materials and methods, can be provided by the proposer that would improve the project, reduce the cost, increase useful life, or other benefits to the Tribe as a result of the option. These options should be detailed in their description and benefit so the Tribe may evaluate any option differing from the requested scope requested, assess its impact on the project and as presented in the RFP document and drawing set.

II. GENERAL INFORMATION Delivery of proposals. “All proposals must be delivered to the noted address (as stated in the RFP) no later than Friday, July 26th, 2024, by 11:30 a.m. CDT.”

IV. TIME REQUIREMENTS

Release of RFP	June 5 th , 2024
Written questions submission deadline	July 19 th , 2024
Proposal submission deadline	July 26 th , 2024
